ENVIRONMENTAL REVIEW

FUNDING RECIPIENT: Hooksett Village Water Precinct

PROJECT TITLE: TIF District Water Distribution & Storage Improvements

PROJECT ADDRESS: 1616 Hooksett Road, Hooksett NH, 03106

WATER SYSTEM PWS#/PROJECT #: 1181020

The Hooksett Village Water Precinct (HVWP) has applied for funds through the State of New Hampshire Drinking Water and Groundwater Trust Fund (DWGTF) to finance a water infrastructure improvement project.

Construction will take place in a previously disturbed area along 1616 Hooksett Road where the existing transmission main is located. The existing 8-inch diameter asbestos-cement (AC) transmission main will be replaced with new 12-inch diameter ductile iron (DI) main. Total disturbance along this route is approximately 7,200 square feet (sq. ft.). The site will be restored to previous or better condition which will include pavement replacement within the town-owned Main Street right of way and loam & seed within the disturbed grassed areas.

All required permits and approvals will be obtained prior to construction.

Whereas this project constitutes only a minor project, and no significant environmental impacts are anticipated, a Finding of No Significant Impact (FONSI) is proposed.

PUBLIC REVIEW
This public notice is published in accordance with Env-Dw 1300, and a 30-day comment period will be held. Comments will be accepted through June 8, 2024 when the public notice will end.

The full document is available at www.des.nh.gov under “Resource Center, Public Notices”, and select “Drinking Water”, then search for “Hooksett Village”. Comments may be addressed to the following locations: Tata & Howard, Inc., Attn: Matthew Barry, 67 Forest St, Marlborough MA, 01752 mbarry@tataandhoward.com; or NHDES Drinking Water and Groundwater Trust Fund (DWGTF) Attn: Jennifer Brady, 29 Hazen Dr, Concord NH 03302-0095, or by email at: envreview@des.nh.gov.
